15831 95th AVE NE
Arlington, WA 982

Objective:

I have always been interested in using computers to solve problems that we could otherwise never dream of solving, which led me to become a computer engineering student at the University of Washington. After college, I hope to attain a role in software development in order to continue inventing creative solutions to society's problems.

Education:

University of Washington, Seattle, WA

**Bachelor of Science in Computer Engineering,
Minor in Mathematics**

Sept. 2019 – June 2023

Current GPA: 3.92

Arlington High School, Arlington, WA

**Graduated as Valedictorian with 4.0 GPA
National Merit Scholar**

Sept. 2015 – June 2019

Work/Volunteer Experience:

Frost Bite ice cream shop — Volunteer

Oct. 2021 – Present

- Help hundreds of customers weekly by taking orders, serving ice cream, and processing payments

Crocs — Sales Associate

Oct. 2020 – May 2021

- Developed customer service skills as a retail sales associate at Crocs

Tutor

2017 – 2019

- Practiced communication and teaching by tutoring algebra, geometry, statistics, and calculus students
- Peer-tutored middle-school students twice a week in a summer math program

Activities/Related Coursework:

- Currently creating a game for the Google Play Store: learning about everything from graphic design, scripting, and general procedure for working on a mid-scale project. (2021 – 2022)
- Programming experience in Java, SQL, C, C#, C++, OCaml, Racket, some basic Python, html
- Courses taken include: introduction to data management, data structures and parallelism, programming languages, the hardware/software interface

Other Skills:

- Speak proficient German
- Experience working with Microsoft Office
- Excellence in understanding mathematical concepts
